

# CHEMICAL WASTE DISPOSAL

## DO

- Routinely dispose of waste chemicals through EH&S “Chemical Waste Program.”
- Label all containers with a completed chemical waste label & identify constituents.
- Only purchase the amount of chemicals that you need.

WASTE CHEMICALS		Start Date
COMPATIBLE CHEMICALS ONLY		____/____/____
Major Hazard (check one)		
<input type="checkbox"/> Ignitable	<input type="checkbox"/> Toxic	<input type="checkbox"/> Corrosive
<input type="checkbox"/> Compressed Gas	<input type="checkbox"/> Reactive	
CHEMICAL NAME	QUANTITY	
_____	_____	
_____	_____

PACKED BY	_____	
To be Completed by EH&S		<input type="checkbox"/> HAZARDOUS WASTE
EH&S Accumulation Date: ____/____/____		Pitt 02 049 2316

- Segregate chemicals/waste into compatible groups.
- Keep containers closed and utilize secondary containment when transporting or handling.

## DON'T

- DO NOT stockpile unused chemicals.
- DO NOT dispose of chemical waste in the sanitary sewer/drain.
- DO NOT dispose of chemical waste in the regular trash.

- DO NOT place chemical waste in biological waste boxes or biohazard bags.

## GENERAL INFORMATION

- Waste chemicals are picked up from University buildings on a bi-weekly schedule.
- If your building does not have a standard collection point, pickup arrangements can be made by contacting EH&S at 412-624-9505.
- Contact EH&S 412-624-9505 for additional information regarding waste disposal at the University.
- Visit [www.ehs.pitt.edu](http://www.ehs.pitt.edu) (Waste Disposal) for additional information.
